ASX & Media Release

MEO announces appointment of Geoscience Adviser

Key Points:

- Oliver Gross has commenced as Geoscience Adviser

MELBOURNE, AUSTRALIA (11th April, 2012)

MEO Australia Limited (ASX: **MEO**; OTC: **MEOAY**) is pleased to announce that Oliver Gross has commenced employment with MEO as Geoscience Adviser. Oliver brings a wealth of experience to MEO with over 31 years experience with ExxonMobil in Production, Exploration and New Ventures. Oliver's primary role will be to work closely with the Exploration Manager, Dave Maughan and the geosciences team in developing a seriatim of opportunities within existing exploration licence areas and New Venture opportunities.

A concise profile for Oliver is attached below.

MEO's CEO and MD Jürgen Hendrich commented on the announcement:

"The appointment of Oliver continues MEO's strategy to attract the best available talent and significantly enhance MEO's technical capabilities. These skills are key ingredients to help unlock the value within MEO's recently expanded portfolio of 10 exploration permits in Australia, Indonesia and Thailand "

Jürgen Hendrich
 Managing Director & Chief Executive Officer

Profile – Oliver Gross

Name	Concise profile
Oliver Gross - Geoscience Adviser 	Oliver Gross is a geoscientist with over 31 years' experience in Production, Exploration, and New Ventures for ExxonMobil. Some of Oliver's major achievements have been unravelling the Jurassic thru Miocene hydrocarbon systems in Onshore and Offshore Gulf Of Mexico and applying these to exploration efforts throughout the Gulf. Oliver worked in Malaysia for 6 years as chief interpreter for production and exploration before moving to Melbourne where he has been involved in initiating and stewarding company involvement in new play concepts in NWS Australia, Malaysia, Indonesia and Cambodia.
