

Board Charter

Melbana Energy Limited

ACN 066 447 952

1 Introduction

The Board of Directors of the Company (“**Board**”) has adopted this Charter to outline the manner in which its constitutional powers and responsibilities will be exercised and discharged, having regard to principles of good corporate governance and applicable laws.

This Charter includes an overview of:

- Board composition and process;
- the roles and responsibilities of the Board;
- the relationship and interaction between the Board and management; and
- the authority delegated by the Board to management and Board Committees.

2 Board Composition

2.1 *Board composition and size*

- The Board is appointed by the shareholders.
- The Board, together with the Remuneration and Nomination Committee (“RNC”), determines the size and composition of the Board, subject to the terms of the Company’s Constitution, the ASX Listing Rules and the Corporations Act.
- The Company should seek to have a Board comprising a majority of independent non-executive Directors with an appropriate and diverse range of skills, experience and expertise, who have a proper understanding of and competence to deal with the current and emerging issues of the business, and who can effectively review and challenge the performance of management and exercise independent judgment.
- The Board, together with the RNC, will review the skills represented by Directors on the Board and determine whether the composition and mix of those skills remain appropriate for the Company’s strategy, subject to limits imposed by the Constitution and the terms served by existing Non-executive Directors.
- Candidates for Board positions shall be nominated by the RNC for consideration by the Board. The whole Board shall decide on the recommendations for new Directors made by the RNC.
- In selecting new members for the Board, Directors shall have regard to the appropriate skills and characteristics needed by the Board as a whole. The Directors shall endeavor to appoint individuals who would provide the mix of Director characteristics and diverse experiences, perspectives and skills appropriate for the company.
- On their initial appointment, Directors will receive a letter of appointment which sets out the terms and conditions of their appointment.
- No Director, who is not the Managing Director, may hold office without re-election after 3 years, or beyond the third Annual General Meeting following the meeting at which the Director was last elected or re-elected (whichever is later) in accordance with the provisions of the Company’s constitution.

2.2 *Director independence*

- The Board regularly reviews the independence of each Non-executive Director in light of information relevant to this assessment as disclosed by each Non-executive Director to the Board.

- The Board only considers Directors to be independent where they are independent of management and free of any business or other relationship that could materially interfere with, or could reasonably be perceived to interfere with, the exercise of their unfettered and independent judgment. The Board has adopted a definition of independence which is set out in Annexure 1 to this Board Charter.
- While the Company will aim to have a majority of independent non-executive Directors, this may not always be practicable given the size of the Board and the Company's circumstances. Accordingly, the Directors have absolute discretion to determine the appropriate composition of the Board from time to time, subject to the Constitution, the *Corporations Act 2001 (Cth)* and the ASX Listing Rules.
- To the extent that the Board does not achieve this structure from time to time, the Board should have a goal to achieve this structure and review its progress annually.

Annexure 1 – Guidelines of The Board of Directors – Independence of Directors

Part 2 of the Company's Board Charter refers to the 'independence' of directors.

Without limiting the Board's discretion, the Board has adopted the following guidelines to assist in considering the independence of directors.

In general, directors will be considered to be 'independent' if they are not members of management (a non-executive director) and they:

- are not material shareholders of the Company, or officers of, or otherwise associated directly or indirectly with, material shareholders of the Company;
- have not within the last 3 years been employed in an executive capacity by the Company or another group member;
- were not appointed as a director of the Company within 3 years of ceasing to be employed in an executive capacity by the Company;
- except in connection with reorganisations within the Group, have not within the last 3 years been a principal or employee of a material professional adviser or a material consultant to the Company or another group member;
- are not a material supplier to or customer of the Company or other group member or an officer of or otherwise associated directly or indirectly with a material supplier or customer;
- have no material contractual relationship with the Company or another group member, other than as a director of the Company; and
- are free from any interest, business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act in the best interests of the Company.

Materiality thresholds

The Board will consider thresholds of materiality for the purposes of determining 'independence' on a case by case basis, having regard to both quantitative and qualitative principles. Without limiting the Board's discretion in this regard, the Board has adopted the following guidelines:

- The Board will determine the appropriate base to apply (e.g. revenue, equity or expenses), in the context of each situation.
- In general, the Board will consider a holding of 5% or more of the Company's shares to be material.
- In general, the Board will consider an affiliation with a business which accounts for less than 5% of the relevant base to be immaterial for the purposes of determining independence. However, where this threshold is exceeded, the materiality of the particular circumstance with respect to the independence of the particular director should be reviewed by the Board.
- Overriding the quantitative assessment is the qualitative assessment. Specifically, the Board will consider whether there are any factors or considerations which may mean that the director's interest, business or relationship could, or could be reasonably perceived to, materially interfere with the director's ability to act in the best interests of the Company.
